Wimborne Minster is a considerable market town situated on the banks of the Rivers Stour and Allen. Its beautiful Minster, from which the town derives its name, dates from the 12th to the 15th centuries, and possesses much to interest the tourist, including some ancient monuments, a 14th century orrery clock, some fine stained glass windows, a famous library of books, and an interesting collection of historical relics. Thomas Hardy refers to the town as "Warborne."
